

Dear Community Member,

I am delighted to introduce you to an organization that is making a significant impact in our community – Jeffco Prosperity Partners (JPP). We believe that awareness and collaboration are vital to achieving our mission, and we are excited to share our story with you.

Jeffco Prosperity Partners (JPP) is a 5013c nonprofit organization with a mission to promote innovations that move families from poverty to prosperity. We have adopted a holistic, multigenerational approach, working with children and parents simultaneously to achieve economic stability and build generational wealth, in turn creating a sustainable impact. We combine targeted wrap-around services, navigation assistance, and prevention efforts to meet the multifaceted challenges faced by Jeffco families, contributing to their long-term stability and well-being.

We envision a community where every family, regardless of their background, has the opportunity to thrive, and where generational wealth is a reality, not just a dream.

Our primary objective is to empower low-income individuals and families with resources and tools to meet their basic needs and provide stability, skills to enter the workforce, access to quality education, youth/child development, financial literacy, and community connection required to overcome barriers to achieving economic self-sufficiency. JPP’s comprehensive services tackle both the immediate needs of individuals and families, as well as systemic barriers to support parents to self-sufficiency and children to high school diplomas and beyond.

At JPP, we celebrate every success. Each year we host our annual Achievement Ceremony to honor families who made significant achievements in education, employment, and economic stability, and recognize their hard work and resilience. I encourage you to watch [this video](#) from last year’s event, where JPP graduate Rynn delivers an inspirational speech to families and community partners.

We believe positive change requires collaboration.

We welcome the opportunity to work with like-minded individuals, organizations, and community members who share our vision. Whether you are interested in volunteering, supporting our fundraising efforts, or exploring potential partnerships, we believe that together, we can achieve more. We invite you to connect with us on social media and [subscribe to our monthly newsletter](#) to learn more about our program and impact. You can also reach out to our program coordinator directly at rdunaway@jeffco.us or [visit our website](#) for additional details.

Thank you for your time, and we look forward to the possibility of working together to make a meaningful difference in our community.

Sincerely,
